 Hassan Raza Khan

I am a motivated Web Developer with experience in HTML, CSS, and JavaScript, along with Bootstrap. I have built responsive and SEO-friendly websites and worked with platforms like WordPress and Magento. I enjoy creating clean, user-friendly designs and turning ideas into practical web solutions.

Experience

Zgames

Nov 2025 – June 2026 (8 months)

Frontend Developer

- Working on Magento CMS projects as a frontend developer
- Designing and developing complete UI independently, without Figma or predefined designs
- Developing and customizing Magento themes, layouts, and UI components
- Implementing responsive and performance-optimized interfaces using HTML, CSS, JavaScript, and Bootstrap
- Integrating frontend designs with Magento CMS structures and dynamic content

TOAZ Solution

July 2024 – Oct 2025 (1 year 4 months)

Web Developer

Jan 2025 – Nov 2025 (10 Months)

- Promoted to Full-Time Web Developer after successful internship completion
- Developed SEO-friendly, fully functional websites using WordPress and custom frontend code
- Customized professional WordPress themes and plugins to meet specific client requirements
- Managed domain registration, hosting configuration, SSL setup, and live site deployments
- Optimized website performance for faster load times and mobile responsiveness

Frontend / WordPress Intern

July 2024 – Dec 2024 (6 Months)

- Started career as an intern, learning professional web development workflows
- Assisted senior developers in building responsive layouts from UI designs using HTML, CSS, and JS
- Gained hands-on experience in WordPress CMS and basic theme file modifications
- Promoted to Full-Time Web Developer position based on exceptional performance and rapid learning
